

Cooperative Membership

Receiving service from us requires you to be a member of the Cooperative. There is a one-time Membership fee of \$5.00.

Services Offered

We offer voice and Internet service to our members. You will need to complete an application for either of these services. Along with the application we require a copy of your current photo ID and a \$100 security deposit. The security deposit can be waived if our utility exchange report shows that you have a good payment history. Should we need to collect a deposit, you can send a check with your application, or we can call you once your information is entered into our system, to get payment over the phone using a credit card, debit card or E-check.

You may send your application and current photo ID to questions@newhopetel.com. Once we receive these, we will call you to schedule an appointment.

When you fill out your application, please be aware that only persons named on the account will be able to have access to information pertaining to it. Since we are a cooperative, only the person(s) who sign(s) the application will be able to claim any patronage allocations.

If you wish to authorize other people to manage and receive information on your account, you may do so by including them in the Account Authorizations section on page two of the application.

Voice Service Information

Calls to a Waynesboro exchange are part of the Community Connections plan between their company and ours. We offer three calling plans to Waynesboro as listed below. If you do not choose a Waynesboro calling plan, you will be assigned to the economy plan. Community Connections applies to all calls to Waynesboro exchanges (landline and cell phones).

- Economy No monthly fee and 10¢ per minute
- Value \$4.35 per month and 5¢ per minute
- Premium \$24.35 per month for unlimited calling

We do not provide long-distance service. A list of long-distance carriers and their contact numbers are included with this packet. It is your responsibility to contact a carrier and set up billing arrangements with them. Your long-distance provider will bill you separately.

Billing

We bill in advance, so when you get your first bill you will see partial charges for the first month and charges for next month billed in advance.

Non-discrimination

Please see our Non-discrimination statement at this link: https://www.newhopetel.net/PublicDocs/Nondiscrimination_Statement.pdf

Questions

Thank you for inquiring about our services. Please feel free to call our business office with any questions you may have about this application. We are open 8am-Noon and 12:30-4:30 PM Monday thru Friday. Our phone number is 540-363-5277. You may also reach out to us by email, at: questions@newhopetel.com.

Account Authorizations

Names listed here are authorized to manage this account:

Terms of Service

All internet commitments are for one year. If you terminate your service after the first 30 days, or it is terminated for non-payment, before the one year is complete, you will be billed an early termination fee of \$185.00 or the amount owed on the remainder of your commitment whichever is less. The amount owed on the remainder of your commitment is calculated by taking the number of months left in your commitment and multiplying it by your monthly nFO price.

When connected to the internet, your computer is susceptible to security attacks from other users on the internet. New Hope Telephone Cooperative (NHTC) is not liable for any such attacks. Our gateways have firewall capabilities. NHTC highly recommends the use of additional firewall and/or other security devices to secure the internet connections from intruders and viruses. The ONT/gateway are required for connection, provisioning, and performance monitoring with our network. Actual connection speed may vary due to various factors including network congestion and distance from NHTC facilities, quality of customer equipment (wireless routers, PC wiring etc.) thus actual connection speed cannot be guaranteed. NHTC is not responsible for any customer loss due to lightning or other acts of nature. Gateways provided by NHTC are the responsibility of NHTC. nFO internet service may be provided with or without local voice service. NHTC is responsible for providing nFO service to your location. NHTC is not responsible for configuring customer owned equipment such as PC's, network routers, etc., although limited support may be offered. NHTC is not responsible for problems arising in customer's computer equipment during installation or maintenance of nFO service by NHTC personnel.

Payments are due by the 24th of each month. Payments received after the 24th will result in a 1.5% late fee per month (an annual percentage rate of 18%). In addition, payments not received within 45 days of the due date will result in disconnection of your service. If your service is disconnected, you will be responsible to pay the amount owed plus a \$25.00 reconnection fee and a \$100.00 deposit. If payment has not been made within 15 days of disconnection, the account will be considered delinquent. If the account becomes delinquent, the customer shall pay all attorney fees and costs associated with collection of the account plus all attendant collection fees whether litigation is initiated or not. Information on this application may be used for collection purposes by us or an agency with which we have contracted including but not limited to collections attempts made to your cell phone.

If service is not restored, you will be responsible to return the gateway belonging to NHTC. If the gateway is not returned you will be charged for it. Please be aware that there is a \$25.00 returned check charge on all checks returned for non-sufficient funds whether they be paper or electronic checks.

By signing below, you agree that your service(s) will not be used for any unlawful activity including originating illegal telemarketing and robocalls. In addition, you are indicating that you have read, understood, and agreed to the information provided above and that you agree to abide by the Acceptable Use Policy and Internet Rules and Regulation Policy. New Hope Telephone Cooperative reserves the right to terminate service in the event of infringements on the Terms of Service.
